

SE19DanceProject Presents...

A Participatory Dance Performance for ages 4-10

MISSION EARTH

About The Show

Eno, Bo and Lux are living in the year 2050, but it's no fun. The future has no colours and nothing anyone has tried so far can bring them back. But the children of the future have a plan ...

With dance, projection, poetry, live music and participation, this is a gentle and hopeful story about what we can do to save our planet from climate change. The children play pivotal role in the performance and become heroes on our mission. This family performance has everything you can ask for: live music, funny characters, beautiful visuals, extraordinary costumes and an important message!

This show was developed with support from Arts Council England and Croydon Libraries. It has been performed to hundreds of primary school children since December 2023.

About SE19 Dance Project

We are committed to creating caring and creative community through dance.

We create opportunities for our community to engage in dance as audiences and participants, providing a space to connect with one another.

We work with artists and dance teachers to deliver a programme of participatory projects and regular classes. We welcome everyone to join us, hence we work with children as young as 2 years old, as well as with young people and adults with no age limit.

Mission Earth's Creative Team

Director – Ania Straczyńska

Choreography – Greta Gauhe, Ania Straczyńska

Composition and Sound Design – Lara Jones

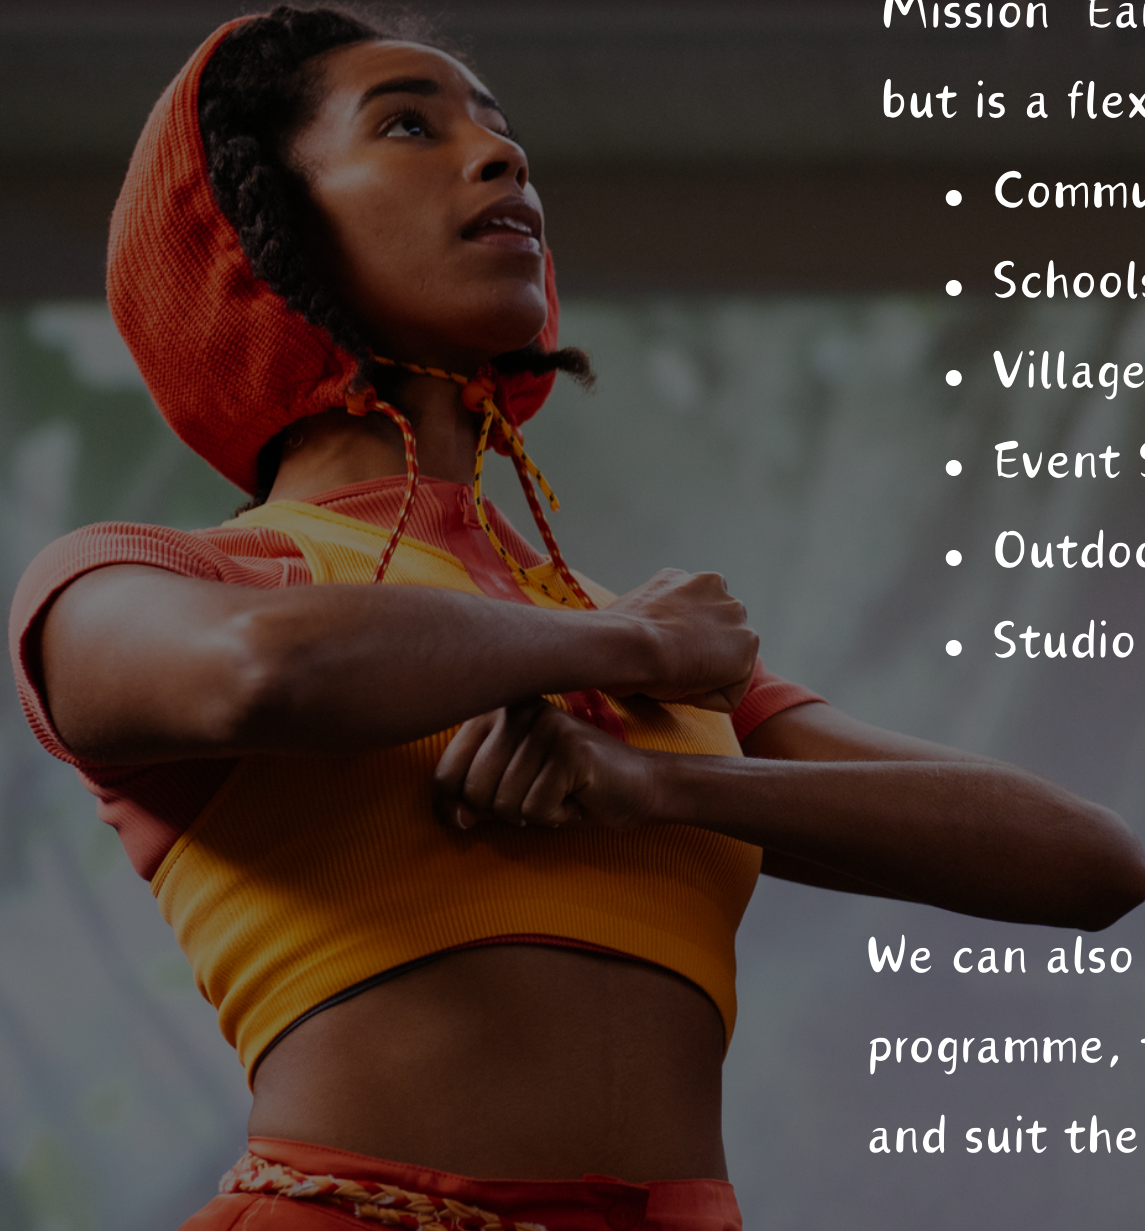

Performers – Lara Jones, Mercedes Prevatt, Greta Gauhe

Bringing Mission Earth to You

Mission Earth was developed for libraries but is a flexible performance suiting:

- Community Centres
- Schools
- Village Halls
- Event Spaces
- Outdoor/Circus Tent Stages
- Studio Theatres

We can also offer a bespoke workshop programme, to go alongside our performances and suit the needs of each audience.

Technical Information

Technical Requirements

The show uses projection and live sound.

We can provide:

- Projector
- Projection screen
- Laptop with QLab
- Mixing Desk

The venue must provide:

- A table
- 2 x 13a connections plus appropriate extension cables to cover the performance space.
- Speakers. We can bring our own if necessary.

Team:

We are touring party of 5
2 dancers, 1 musician, 1 storyteller/Production
Manager and 1 Company Stage
Manager/Facilitator.

Space Required

4m x 4m minimum flat performance space. We prefer to have young audiences sat on the floor in front of the performance space.

Show Duration

30 minutes. Optional 1 hour workshop.

Dressing Room/Green Room

A covered space suitable for 4 people.

Parking

Parking for 1 Car.

Technical Contact

Ella Kennedy, admin@se19dance.org.uk
07984588093.
